

Interface® D-Sub Female IDC Type Straight

SKU - ICD1-FCXX

The Interface® D-Subminiature Female IDC Type Straight connector is a high-quality product designed for reliable and efficient connections. With its straight design, it allows for easy installation and secure connections. This connector is specifically designed for use with Flat Cables, providing a reliable and durable connection. The IDC (Insulation Displacement Contact) ensures a secure and stable connection, minimizing the risk of signal loss or interference.

Specifications

Physical Characteristics
