

Interface® D-Sub Female HD Wire Solder Type (High Density)

SKU - ICD2-FRXX

The D-Sub Female High Density Wire Solder Type Connector is a reliable and versatile connector designed for various applications. It features a solder type connection, ensuring a secure and durable connection. With its high-density design, this connector allows for more pins in a compact size, making it ideal for space-constrained environments. It is compatible with D-Sub male connectors and can be easily soldered onto wires, providing a convenient solution for connecting different devices and components.

Specifications

Physical Characteristics	
Connector Type	Receptacle, Female Sockets
Connector	D-Sub Female HD Wire Solder Type (High Density)
Number of Positions	15, 26, 44, 62, 78
Colour	Black
Contact Plating	Copper Alloy
Category	High Density Solder
Termination	Solder
Wire Gauge	24-28 AWG
Packing Details	
Dimension (L x W/ cm)* & Weight (Kg)*	Subject to change depending on the quantity and positions.
Conformance	
Product Compliance	RoHS
Cable & connector Compliance	Non UL
Warranty	
Product Warranty	7 Days
