

## Interface® D-Sub Male HD Crimp Type (High Density)

SKU - ICD2-MGXX

This D-Sub Male High Density Crimp Type connector is designed for high-density applications where space is limited. It features a crimp type connection, ensuring a secure and reliable connection for your electronic devices. With its durable construction and high-quality materials, this connector is built to last and provide excellent performance in various industrial and commercial settings. Upgrade your connectivity with this reliable D-Sub Male High Density Crimp Type connector.

### Specifications

| Physical Characteristics              |                                                            |
|---------------------------------------|------------------------------------------------------------|
| Connector Type                        | Plug, Male Pins                                            |
| Connector                             | D-Sub Male HD Crimp Type (High Density)                    |
| Number of Positions                   | 15, 26, 44, 62                                             |
| Colour                                | <b>Black</b>                                               |
| Contact Plating                       | Copper Alloy                                               |
| Category                              | High Density Crimp                                         |
| Termination                           | Solder                                                     |
| Wire Gauge                            | 24-28 AWG                                                  |
| Packing Details                       |                                                            |
| Dimension (L x W/ cm)* & Weight (Kg)* | Subject to change depending on the quantity and positions. |
| Conformance                           |                                                            |
| Product Compliance                    | RoHS                                                       |
| Cable & connector Compliance          | Non UL                                                     |
| Warranty                              |                                                            |
| Product Warranty                      | 7 Days                                                     |
